Welcome and Introductions

Co-chairs Judy House and Bo Greaves welcomed everyone to the second meeting of the Task Force. They reminded everyone that the job of this task force will be to develop recommendations to Health Action for major communitywide strategies to change the health care delivery system to improve the health of the community through the lens of Healthy Eating and Physical Activity. Judy had everyone go around the table for brief introductions just to make sure everyone is getting to know each other. Bo summarized the April 25th meeting briefly.

Review of Additional Information

Ellen Bauer reviewed the "New Directions" and "Spectrum of Prevention" documents. Many of the ideas discussed at the last meeting can be seen in the "New Directions" document about best practices.

Strategies and Measurable Outcomes

Bobbie Wunsch organized into 5 small groups for the following goal areas:

- Medical Home for All
- Employer Wellness Program
- Information Technology/Connectivity
- Provider Capacity/Training
- Community-based Health Education and Prevention Resources

Each group was assigned a facilitator and identified a goal and 3 strategies to meet their goal. Each group will plan to meet sometime before the May 23rd deadline to refine measurable outcomes, priority populations, activities, and key community partners for each strategy.

Next Steps and Next Meeting

Judy reminded each group to meet before the deadline and to email the complete Goal and Strategy Template to Ellen Bauer.

Public Comment

Closing Comments

Next meeting is Friday, June 6, 2008, 10:30 a.m. –12:30 p.m. at North Coast Builders Exchange at **1030 Apollo Way, Santa Rosa.**
